

Certificate in Safety and Health for Supervisors (Construction)

Course Content

This supervisor course is modular in design that suits the progress of individual applicants. The course can be divided into 2 main parts: Part I has 3 compulsory modules and Part II has one industry-based module which is Construction Safety. Please note that all the required modules must be completed within one year[^].

Safety & Health Supervisors (Construction) Course's module requirements are summarized in Table 1:

Table 1

(Part I) Compulsory Modules	(Part II) Industry-based Module
1. Basic Safety Management SM(E) 2. Basic Accident Prevention GS(E) 3. Basic Occupational Health OH(E)	1. Construction Safety CO(E)
Certificate in Safety and Health for Supervisors (Construction) (Part I) + (Part II)	

Prerequisites

1. Ability to read and write in English and completion of secondary education (F.5 under HKCEE or F.6 under HKDSE) or above or equivalent (applicants should provide copies of certification) or
2. 23 years of age or above and 3 years of relevant work experience (applicants should provide proof of work experience including applicant's position, description of work nature, and declaration of the ability to read and write in English in order to complete the course.)

Award of Certificate in Safety and Health for Supervisors (Construction) & Green Card (Construction Work)

- (a) Students must pass all the module examinations and have 100% attendance.
- (b) Students must complete all the 4 modules within one year[^].
- (c) Certificate in Safety and Health for Supervisors (Construction) is recognized by the Labour Department Section 6BA(4) of the Factories and Industrial Undertakings Ordinance. Students who have successfully completed the course (those courses should be launched from 20 September 2018 onwards) could be exempted from taking Mandatory Basic Safety Training Course (Construction Work) (generally known as Green Card (Construction Work)). Applicants must be the holder of Hong Kong Permanent ID card or holder of Hong Kong Identity Card and valid travel document (must free from condition of stay or subject to a valid time limit of stay only). Green Card (Construction Work) is valid for 3 years.
- (d) Applicant can fax or mail the application form at Table 3 "Application for Certificate in Safety and Health for Supervisors (Construction)", together with certificate copies for related modules. OSHC will mail the Certificate Collection Letter to the applicant within 14 working days according to the given correspondence address. For enquiries, please call 3106 2000.

[^] All modules should be completed within one year starting from the beginning of first module (module in no particular order).

Module course codes are summarized in Table 2 :
